

MOREHOUSE

COLLEGE

Thank you for your interest in Morehouse College. One important element of the admission process is a mandatory student interview.

We would like to provide you with an option to satisfy your interview requirement. Morehouse is excited to partner with ZeeMee, a free service that allows applicants to Morehouse to submit a short video answering five interview questions. Please answer the following interview questions via this video supplement.

- What person(s) in your high school do you admire most for their character? How would you measure your own character against this person(s)?
- What are your academic and personal development goals for your undergraduate education?
- Tell me about a time when you faced a particularly difficult personal challenge. Describe how you handled it.
- Tell me about a time you held a leadership role. Explain what you learned about yourself and others in this experience.
- What else of importance should Morehouse College know about you?

Visit www.zeemee.com and upload your interview video (*7 minute maximum*).

Once complete, visit
