

In-Person and Virtual Appointments with the Writing Center

The Writing Center provides writing consultations to ALL students for the Fall 2025-Spring 2026 school year. All writing appointments must be scheduled on morehouse.mywconline.com.

The Writing Center provides a variety of ways for you to receive online personalized support with your writing. The Center has an academically diverse tutoring staff to provide the best possible service to all Morehouse students. Any student who needs help with essays, research papers, presentations, resumes, application essays, cover letters, or personal writing projects can access our online tutoring services for support.

Online Writing Support

The Writing Center offers writing consultations, during which you will receive focused feedback on your writing from a trained tutor. You may submit any kind of writing to The Writing Center at any stage in the writing process, including the brainstorming process, before you've even started writing.

Our writing services are tailored to meet your particular needs. You will work one-to-one with a writing tutor, who will help you understand what makes a great essay, and how you can write one—whether you're working on an academic essay, personal statement, book review, research paper, lab report or creative writing assignment. Our tutor can help you brainstorm ideas, write an outline, structure your paper, cite your sources, and proofread your essay once it's complete.

Writers need feedback to help refine their writing. The Writing Center's tutors will give you feedback. Because we want to help you become a better writer, we will help you learn to revise and edit your papers so you will be better able to identify your errors and improve your content, organization, and style.

Please schedule your appointment in advance, as soon as you know you need help, to afford yourself time to read and utilize our suggestions.
