

Welcome from the Director

Welcome to the Frederick Douglass Academic Success Center, your home for academic support, personal growth, and achievement at Morehouse College. We believe every student can succeed with the right opportunities, resources, and encouragement. Whether you are adjusting to college life, seeking strategies to strengthen your academic performance, or striving to reach new levels of excellence, our team is here to support you every step of the way.

At the Frederick Douglass Academic Success Center, we are committed to creating an environment where students feel welcome, challenged, and empowered. We understand that each student's journey is unique, and we strive to meet students where they are and help them develop the skills, confidence, and habits necessary for long-term success. A simple belief guides our work:

"All students can learn. How they learn is strengthened through structure, support, and intentional design."

Through academic coaching, tutoring, workshops, and collaborative campus partnerships, we aim to foster a culture of achievement that prepares students for graduation, leadership, and lifelong learning. Guided by our commitment to Operational Excellence at the Center of Academic Success, we continually strive to ensure that every student who walks through our doors receives meaningful support, personalized guidance, and opportunities to excel. We are honored to be part of your Morehouse journey and look forward to helping you achieve your highest potential.

Welcome to "Da House," where support meets success.

Dr. Quisha Mathis, Ed.D.

Director, Frederick Douglass Academic Success Center
